Your call.

Of course, TCEQ wants to review.

I already told them an hour is good unless they get hits.

Hey Guys,

Why don't we just have them provide us a copy for awareness and we don't review prior to their release.

Thanks

Ronnie

Subject: Question

ITC is asking can we decrease the lead time required to get the ITC data reviewed prior

to release to the public?

Their basis for this is that the local Mayor said “we’re going to fix this “ after the question came up as to how long it takes to get the ITC data out.

ITC replied that that the amount of time to process the data was x hours.
